

PRODOTTO:
link sospeso

BRAND:
Ceramica Flaminia

Link, una rivoluzione tipologica. I wc e bidet in commercio sono generalmente appartenenti ad una serie e si combinano difficilmente con altri lavabi; i pezzi Link al contrario sono progetti autonomi, dal design puro e neutrale, che ne consente l'abbinamento non solo con gli altri prodotti Flaminia, ma anche un facile inserimento in tutte le ambientazioni contemporanee offerte dal mercato.
