Mascagni spazio ufficio

L'archetipo del posto di comando dove ogni particolare è espressione di status e prestigio. Una poltrona con schienale alto, ergonomico e sagomato, foderata in pelle elegantemente impunturata. I braccioli rivestiti e il basamento in acciaio lucido confermano il suo carattere solido e concreto, dall'abbraccio morbido. Un oggetto di grande appeal curato nei minimi dettagli, costruito con materiali pregiati e che riserva il massimo del confort grazie al movimento oscillante regolabile della scocca a corpo unico. La serie comprende anche la poltrona girevole con schienale basso e la poltrona visitatore con basamento a slitta.
