

PRODOTTO:
Palio

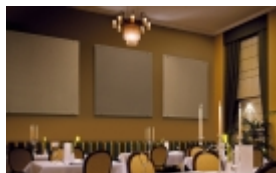

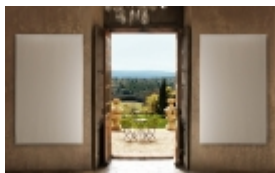

BRAND:
Caimi Brevetti

Il sistema fonoassorbente Palio è costituito da pannelli asportabili e lavabili realizzati con tecnologia Snowsound Fiber e da supporti in metallo. I fissaggi a parete in metallo cromato sono dotati di particolari molle che rendono la struttura elastica. Tali supporti consentono la regolazione della distanza dalla parete, permettendo di variare l'assorbimento acustico di ogni configurazione adattandola alle diverse esigenze
