

C-Spot

BRAND:
Luceplan

DESIGNER:
Cavalchini Amedeo G.

Designed as an accessory for the lamp Chichibio, C-spot is a complete family of polycarbonate lighting fixtures with stems in stainless steel, which can be hooked, fixed, suspended or laid on flat surfaces. A "versatile" lamp that brings colour and lightness to the environment it is placed in. The colour of the lamp is determined by a series of filters available in white, orange, green and light blue.
