

Progetto 1

BRAND:
B&B Italia

DESIGNER:
Armani Monica

Tables and consoles in different sizes, all with a simple and rigorous design, match the metal of the structure with glass tops. Thanks to their basic look, the rigorous care for details and the different finishes, these pieces are extremely flexible in relation to their use and fit for many different environments. The Table by Monica Armani is presented in the new version with the top of statuarietto marble. The product is elegant in both in the chromed and in the painted frame versions.
