For over 60 years, Okamura Corporation has been Japan's leading office furniture manufacturer and a benchmark for the industry.

Since its inception, Okamura's motto has been "Quality pays for itself." The company applies this philosophy throughout product development, production, sales, installation and even disposal for every Okamura product, including furniture for offices, educational facilities, medical and research facilities, commercial facilities; interior accessories; telecommunications equipment; building materials; equipment for distribution systems; security systems; torque converters; etc.

In addition, Okamura has established a company-wide quality control management system (all production offices throughout Japan are ISO9001 certified) and an environmental management system (Okamura Corporation is fully ISO14001 certified) in order to ensure high quality products that are environmentally friendly and comply with international standards.
