CLEAN and CLEAN LED clean-room luminaire
Excellent lighting for medical and industrial progress

By integrating efficient LED modules, CLEAN provides for sustainable high-end lighting solutions for cleanrooms in health-care settings and industry.

The three-level CLEAN luminaire concept with its three ranges - SUPREME, ADVANCED and CLASSIC - is the perfect solution to meet the most varied requirements in healthcare, industry and engineering. The numerous optics available allow to selectively adjust the lighting quality to the respective visual task.
