

PRODUCTO:
Codex

MARCA:
Molteni&C

Patricia Urquiola follows her design path into the world of binary mathematics with Codex, a table that recalls the stylistic features of Sequence, Night&Day and Scriba. The T-shaped base in various matt colours from the Molteni range displays openwork that resembles the bar code theme and enhances the lightness of the forms. A rectangular top in elmwood completes the table, highlighting the striking personality and naturalness of the design.
